Neil Bourke	Sally Egan	Rebecca Donaldson	Francesca Peterson Thi Nguyen	Mei Guan Tam Tran Tina Bithio
<p><b>Outcome 1 – Children have a strong sense of identity</b></p> <p>The children have started building strong relationships, which we can see when they seek each other out. The children have been working hard on sharing and turn-taking and we are starting to see that in their play.</p>		<p><b>Outcome 2 – Children are connected with and contribute to their world</b></p> <p>We have done lots of work in our garden, including weeding it and planting seeds. The children have loved watching them grow into seedlings and look forward to the changes they see. are seeing. Some of our discussions have been around the foods that grow, focusing on what is good food and sometimes foods. The children have some great ideas about healthy foods.</p>		<p><b>Outcome 3 – Children have a strong sense of wellbeing</b></p> <p>The children have become quite comfortable in the preschool environment and are really enjoying some of the games we are introducing, such as Duck, Duck, Goose and Jenga.</p>
<p><b>Outcome 4 – Children are confident and involved learners</b></p> <p>The children have loved being involved in their own learning. We have been encouraging them to try and stay at different activities for longer periods of time, developing skills such as problem-solving and persistence.</p>			<p><b>Outcome 5 – Children are effective communicators</b></p> <p>The children have become more confident in communicating and expressing themselves. We have been exploring different ways of communicating by adding resources to different play centres like the home corner; we have turned it into a restaurant, and the children are encouraged to take orders. Outdoors, the children are prompted to count and record the different things they find in the garden.</p>
