<p>Outcome 1 – Children have a strong sense of identity.</p> <p>The children have been loving dramatic play; we have had birthday parties, restaurants where they take orders, looking and looking after babies. This play offers opportunities to explore and express what they see in their everyday lives and provides opportunities to extend on their understanding of the real world, through acting out things that they see and hear.</p>		<p>Outcome 2 – Children are connected with and contribute to their world</p> <p>We have been exploring different cultures and exploring some of the differences and similarities with them. We will be looking at the songs, music and dance of different cultures and some of their stories.</p>		<p>Outcome 3 – Children have a strong sense of wellbeing</p> <p>The children are developing and making up their own games. These have included chasing games with the bikes, rolling the balls to each other and sharing and building things in the sand pit.</p>
<p>Outcome 4 – Children are confident and involved learners</p> <p>The children have become confident in trying new things and have started to experiment more with trial and error. We will encourage this by giving the children a problem and encouraging them to find a solution.</p>			<p>Outcome 5 – Children are effective communicators</p> <p>The children are becoming more confident in using ICT and are able to use these devices to capture an idea or to create an image. We will continue to work with different technologies.</p>
